MINI60

2x30W Mini Digital Amplifier with USB & Bluetooth

DESIGN

Support Audio Inputs

It supports USB/SD card function which enables you to download your favorite music in MP3 format.

△ To change life by Technology

USB Speaker output MODE SD

Advanced industry-level material, mini design, wearproof, high efficiency, easy to operate, High-quality sound, reasonable price, easy to carry, compact design, compatible

CE Certificate

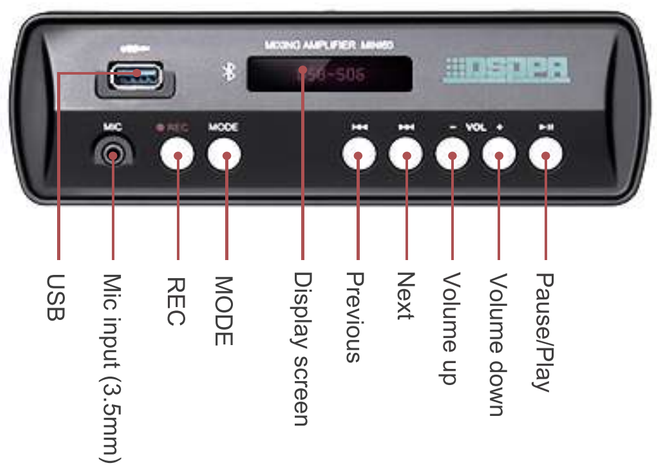
&

FCC Certificate

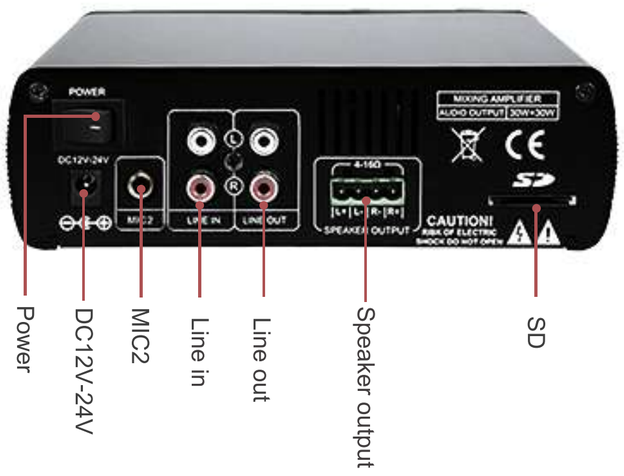
DETAILS

Model	**Mini60**	RNS Power	**2×30W**
THD	**<1%**	Fred. Response	**20Hz-20kHz (±3dB)**
Speaker output	**4-16Ω**	Rated voltage	**DC24V**
Mic Input Sensitivity	**10mV**	Line input sensitivity	**310mV**
Dimension (mm)	**287×223×108**	Net weight	**0.82kg**

(Front)



(Rear)



Aluminum Alloy Heat Sink

Good heat dissipation effect, large aluminum alloy radiator to protect electronic components

USB Interface

To download music to U disk, and insert USB to play music in MP3 format

SD Card Interface

To download music to SD card, and insert USB to play music in MP3 format

Power Adapter

To ensure the safety of electricity use

APPLICATIONS
