and produced in the manufacturing plant 232.1401

This certificate attests that all provisions concerning the assessment and verification of constancy of performance and the performances described in Annex ZA of the standard(s)

EN54-5:2000/A1:2002 Fire detection and fire alarm systems – Part 5:  
Heat detectors – Point detectors

and

EN54-7:2000/A1:2002 Fire detection and fire alarm systems – Part 7:  
EN54-7:2000/A2:2006 Smoke detectors – Point detectors using scattered light,  
transmitted light or ionization

under system 1 are applied and that the product fulfils all the prescribed requirements of the above mentioned standards.

This certificate was issued on **2014-08-01** and will remain valid as long as the test methods and/or factory production control requirements included in the harmonized standard, used to assess the performance of the declared characteristics, do not change, and the product, and the manufacturing conditions in the plant are not modified significantly.

The 3 attached annexes forms part of this certificate.

This certificate supersedes earlier version of this certificate, issued 2013-01-07 by NB 0845.
