

Govee Govee x NETFLIX TV Backlight 3S (55~65 inch)

With the Immersion TV Backlights, your gaming world and movie nights will never be the same. Enhance your home entertainment with splashes of vibrant colors dancing around your TV, syncing what's on-screen.

- **1080p Smart Camera:** Intelligently capture the colors on screen and automatically apply them to your lights.
- **Segmented Color Control:** Customize the color and brightness for every segment.
- **RGBIC Lighting effect:** Independently control the LED module and display multiple colors on a line at the same time.
- **Enhanced Music Mode:** Ultrasensitive mic easily syncs to any type of music.
- **ColorSense Technology:** Intelligently recognized and captures colors on your TV and applies them to your back light automatically.
